FREE Strategy

This is a very simple strategy... VERY simple!

Firstly, you need Metatrader™ - so make sure you have that up and running.

Once you're in Metatrader™ you'll want to place two moving averages on your chart.

These moving averages are specifically:

- 34-Period Exponential Moving Average
- 50-Period Exponential Moving Average

Your chart should now look something like this:

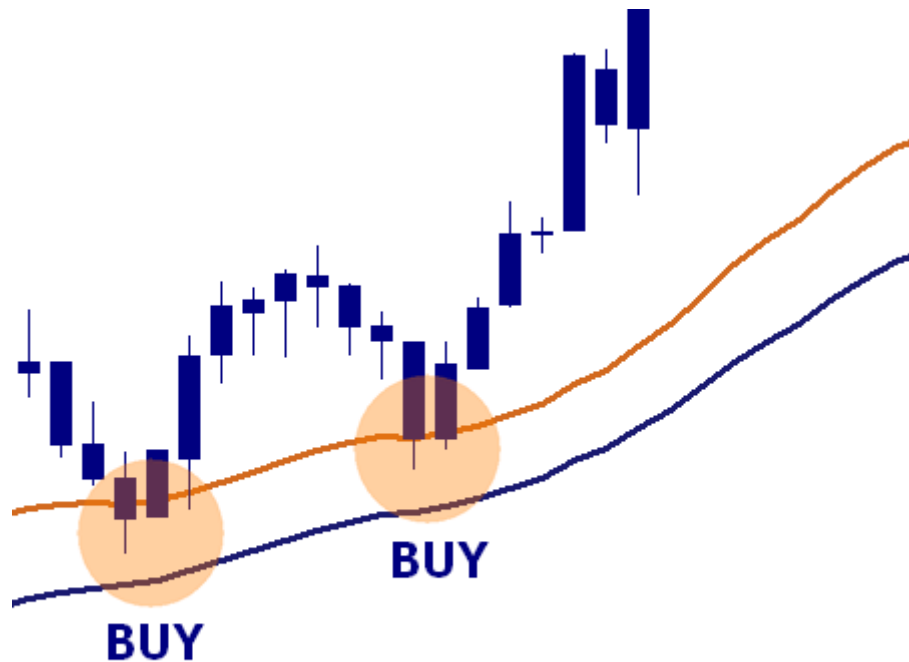

To Trade...

For this strategy you need to use a little discretion.

BUY

To take a buy trade you just want the 34-ema to be above the 50-ema.

Once you have this then wait for price to move back down into the 34/50 area and then buy – like this:

SELL

To take a sell trade you just want the 34-ema to be below the 50-ema.

Once you have this then wait for price to move back up into the 34/50 area and then sell – like this:

That's really all there is to it – but there is more...

This strategy is just a very small part of a pro-level Forex system available today.

I recommend you check it out by [clicking here](#) right now.

The system is called [Simple Fast Forex](#) and requires almost no discretion at all.

The system provides *you* with simple, easy trade signals using visual and audio alerts. If you can click a 'buy' or 'sell' button, then you can trade this system!
